Welcome to

Universiti Malaysia Pahang (UMP) is a public university in Malaysia specialising in the fields of engineering and technology. UMP is located in Pahang the largest state in the Peninsular Malaysia. Pahang features an interweaving of the sunny beaches by the coastline and the flourishing greens of countryside with a diverse palette of multi-cultural delicacies to get immersed in gastronomic delights.

UMP in rankings

UMP Summer School offers various unique programs coordinated by UMP International Office. The programs offer hands-on experiences in the specific course chosen by the participants from all over the world. Additionally, the participants will enjoy cultural explorations and interaction with the locals that enhance their understanding of the diversity, which ultimately may contribute to their global competency. The UMP entertaining and effective Summer School programs are managed by our dedicated professionals and fun buddies!
