My experience in Adana has been truly unforgettable. I've made so many amazing friends and built strong bonds that I'll carry with me for a lifetime. I sincerely hope to return one day, because this experience has changed me in the best possible way and left me with memories I'll cherish forever. I wholeheartedly recommend Adana for Erasmus – the entire ESN community and Çukurova University are so involved and welcoming, they truly make you feel at home. With love

My Erasmus experience in Adana was one of the most unforgettable periods of my life. At first, I was a bit nervous because I was stepping into a completely different culture. However, thanks to the warmth and hospitality of the people in Adana, I adapted very quickly. The university courses were enriching both academically and socially. I was particularly fascinated by Adana's culinary culture—kebab and lahmacun became my favourites! Exploring the city's historical sites and forming new friendships also added so much to my experience. If I had the chance to do Erasmus again, I wouldn't hesitate to choose Adana once more. I would absolutely recommend Adana to anyone considering Erasmus—it's a perfect city for those looking for a fun and educational experience.

My Erasmus in Adana was truly unforgettable! I met amazing people, explored a different culture, and discovered how warm and welcoming Turkish hospitality really is. The university, the food, and the sunsets by the lake in Adana were all highlights. If I had the chance, I would definitely come back. I'd totally recommend Adana to anyone who wants both academic growth and vibrant local life!

I feel so lucky to be selected as an Erasmus Student (Spring-2025) in Çukurova University, Adana, Turkey. I am a citizen of Bangladesh.

I feel blessed to be a part of the ESN in Çukurova University. Students came from Romania, Germany, Jordan, Tunisia, Russia and several other countries. My experience as an English Teacher particularly at a school in Adana was something unique and worthwhile for me. This experience would add something valuable in my teaching career.

The International Office made our semester memorable by giving us a bus tour to Cappadocia, Tarsus and Adana. Two days in Cappadocia has felt like a dream. I have learned a lot through my stay in Turkey, as I had to manage everything alone. These experiences helped me build skills and become confident. The Erasmus scholarship opportunity gifts us an International Network.

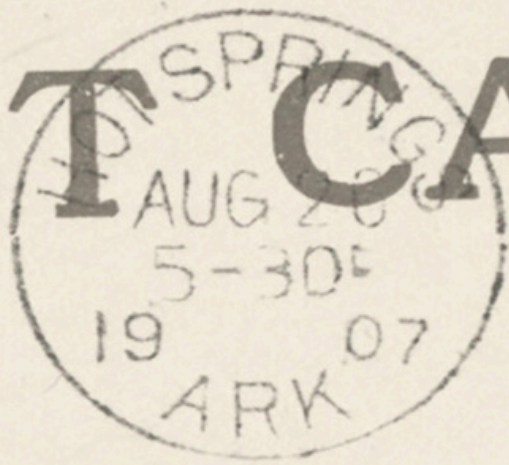

I met interesting Turkish people. They taught me a few Turkish phrases to go by. I also learned financial management as I was managing my finances with the scholarship grant, I bought my own groceries, cooked my own food, discovered new places, attended ESN events and a graduation ceremony. The lessons I learned in these five months are comparable with a bunch of years.

I came back to my country with beautiful memories and incredible experiences. I am eagerly waiting for another opportunity to go again!

This is a picture of me and my friends in Istanbul, 2-3 months after the beginning of our Erasmus journey. It's crazy to see how much we've grown closer and closer to each other since then. I am happy to say that this year has been the greatest one so far. I am sad that I can't come again. To be honest with you. I am so grateful for everything I experienced in Türkiye. But especially in Adana. People were so kind and helpful to us, and that made me even more sad when I left. I am very happy that I chose Adana, and if we were to turn back time, I would still choose it, just to have the same experience and relive it all over again. Thank you very much for everything

Anatol T.

Hi everyone! I want to share what my Erasmus experience at Çukurova University Tıp Fakültesi meant to me.

As a UMFST student, I was eager to expand my medical education in a new context. "Anatol in Anatolia" felt like destiny—and Adana truly proved it, offering an incredibly welcoming environment that encouraged learning and growth from the very start.

My professors and colleagues at Çukurova University were not only highly skilled but also extremely generous with their knowledge. We discussed cases together, shared different approaches to treatment, and learned from one another in ways that broadened my perspective on patient care.

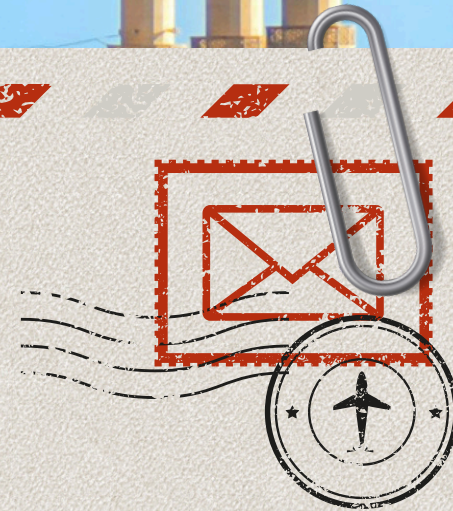

Outside the hospital and university, Adana was unforgettable. The city is full of life, amazing food, and warm, friendly people. Exploring its culture, history, and daily rhythm added so much richness to the experience.

If I had the chance, I wouldn't hesitate to go back. For any medical student considering Erasmus, I can truly say Adana is a perfect choice. It's not just about studying medicine but about growing into a more empathetic, well-rounded future doctor.

I'm genuinely grateful to UMFST for supporting me on this journey and to Çukurova University for welcoming me so openly. It's an experience I'll carry with me throughout my medical career. 🌍🩺

Adana'ya ve Çukurova Üniversitesi'ne en içten teşekkürlerimle. ❤️

My Erasmus experience exceeded all my expectations.
Many, amazing touristic and spiritually insightful places,
kind people, and delicious food. I enjoyed it so much I am
thinking about coming back already. 10/10 I recommend!

Came for a semester and left
with a suitcase full of
memories.

Sun, spice, and a culture that
keeps you curious.

People from everywhere, and
somehow we all crossed
paths at the same/right time.

Adana wasn't loud about it,
but it left a mark.

Would I go again if I had the
chance? In a heartbeat 🍷
